

**NORSKWALL™
SYSTEMS**

SOLD IN COMPLETE
KITS THAT CONTAIN
EVERYTHING
YOU NEED

*The world's trusted brand for alternative
flooring, organization & lifestyle products.*

THE NORSKWALL™ SYSTEM

Our focus is on ease of installation and flexibility, allowing you to create two very distinct organizational spaces; **NorskTrack™** is for areas where only a select number of items need to be organized in a defined space; **NorskWall™** is used to create the most flexible amount of storage space over a larger area. Our modular feature makes it easy to add additional panels creating an entire wall of storage options.

THE NORSKWALL™ ADVANTAGE

EASE OF INSTALLATION – Our patented Kwik-Connect™ system allows each panel to quickly lock onto one another creating incredible ease of installation.

QUALITY MATERIALS – NorskWall™ is made of Heavy-Duty Cellular PVC material. Compare our panels to others in the market and you can see and feel the difference.

TURNKEY KITS – All parts are included to complete every installation. There's no need to buy color matched screws or expensive trim pieces. Norsk™ includes everything you need to complete a track or wall in every kit.

FLEXIBILITY – Mix and match track and wall configurations using same panels to accommodate your organization needs.

VERSATILITY – Norsk's innovative Kwik-Lock™ accessories are the most versatile in the market, providing unlimited storage combinations. Kwik-Lock™ hooks are easily secured in place with a lever locking system that permits quick & easy locking and unlocking, making them easy to move and extremely secure when locked in place.

AESTHETIC APPEARANCE – NorskWall™ panels have a hidden screw feature, eliminating unsightly screw heads from the entire wall and providing a clean, aesthetically pleasing look. Our patented Kwik-Connect™ system also features precision-machined dowels, allowing you to quickly connect panels side-by-side, creating clean, tight seams.

COMPATIBILITY – Some other manufacturers hooks and accessories may be compatible and fit on NorskWall™ panels.

NORSKWALL™ SYSTEMS

NorskWall™ Systems are modular, so you can easily expand your storage capabilities as needed.

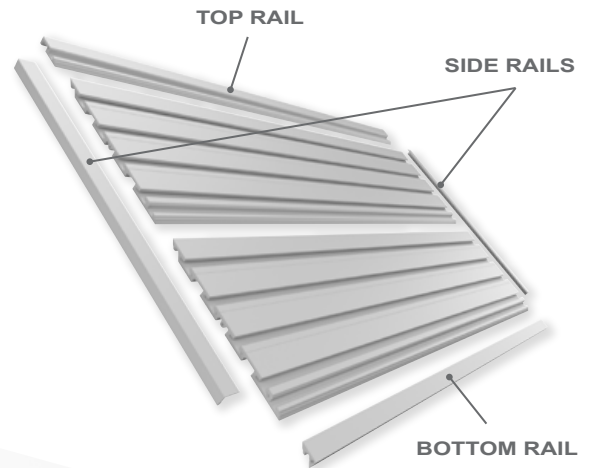

KWIK-CONNECT™ SYSTEM

Our patented Kwik-Connect™ system allows each panel to quickly lock onto one another creating incredible ease of installation.

EACH KIT CONTAINS EVERYTHING YOU NEED

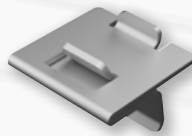

All parts are included to complete every installation. There's no need to buy color matched screws or expensive trim pieces. Norsk™ includes everything you need to complete a track or wall in every kit.
