**AMERICOOOL, INC. CELEBRATES THEIR FOURTH YEAR IN BUSINESS**  
AmeriCool lineup drives continued growth as they enter their fifth year in the North American market

**Long Beach, CA** – As a leading manufacturer of portable commercial air conditioning units, AmeriCool, Inc., celebrates their fourth year in business as they enter 2015. Their lineup has expanded to include over 11 different products designed to meet the needs of a variety of commercial applications. Ranging from 1 to 7 tons, they offer air conditioning units with 24/7 cooling capacity to meet the needs of harsh commercial applications. Their growth has been driven by their reputation for high-quality products that are backed by an industry-leading warranty.

In 2011, AmeriCool, Inc. began selling, marketing, and distributing portable air conditioning units in North America. Mike Paulson was brought on as president in 2012, bringing with him over 10 years of leadership experience in the portable air conditioning market and a wealth of invaluable industry experience. With Mr. Paulson's direction and objectives, AmeriCool units have become available through a nationwide distributor network which specializes in portable air conditioning. This network has thousands of installations to its credit and offers 24/7 service and support to AmeriCool customers.

AmeriCool, Inc. plans to continue growing their brand and reputation in 2015, using the success of the past four years to drive the company forward. By focusing on quality and providing a high level of service to their customers, AmeriCool hopes to drive sales and stand apart from their competitors in the forthcoming year.
