### **Ness Turf Equipment Adds Toro Reelmaster 5010-H to Product Line** *The Only Hybrid Fairway Mower Available on the Market*

---

**Kapolei, HI** (March 4, 2015) – Ness Turf Equipment, the premier distributor of ag and turf solutions in Hawaii and the Outer Islands, has expanded its Toro® product line to include the all-new Toro Reelmaster® 5010-H hybrid. The revolutionary technology of the Reelmaster 5010-H makes this model the only true hybrid fairway mower available on the market.

According to Jay Yasumishi, Sales Representative, “The Toro exclusive PowerMatch™ system improves fuel efficiency by nearly 20 percent and delivers the same power as a non-hybrid mower. Each Reelmaster 5010-H is equipped with a Kubota 24.8 HP diesel engine and a self-recharging 48-volt battery pack.”

Leonard Smith, General Manager, adds, “The operator can leverage the InfoCenter to control clip rate and reel speed and monitor reel performance to maximize productivity.” Smith continues, “The Toro Reelmaster 5010-H is the fairway mower that can reduce your maintenance costs and increase your bottom line.”

Contact Leonard Smith, General Manager, at 808.486.8301 for more information on the Toro Reelmaster 5010-H and the other models of Toro fairway mowers.

#### **About Ness Turf**

Ness Turf Equipment has been providing ag and turf solutions for over 50 years in Hawaii and the Outer Islands, Guam, American Samoa and Saipan.
