OnRamp Named to CRN's 2015 MSP 500 Hosting 100 List

AUSTIN, TX – OnRamp, an industry leading high security and hybrid hosting provider that operates multiple enterprise-class data centers in Austin, TX and Raleigh, NC, today announced it has been recognized on The Channel Company's 2015 CRN Managed Service Provider (MSP) 500 list as one of the MSP Hosting 100 for the second consecutive year.

CRN's annual MSP 500 list recognizes North America's top technology providers and consultants whose leading approach to managed services enables their customers to improve operational efficiencies, elicit greater value from their IT investments and successfully leverage technology to meet their business goals.

OnRamp's hybrid hosting solutions allow customers to combine private clouds with colocation and cloud delivered services to achieve scalability, flexibility and security. With an emphasis on high security and compliance, OnRamp specializes in working with customers to meet the most stringent compliance requirements mandated by HIPAA, PCI, SOX, FISMA, FERPA, GLBA, Safe Harbor and more.

"We are incredibly excited to be recognized by CRN for this achievement for the second year in a row," stated OnRamp President, Ryan Robinson. "With the opening of our third Data Center, a 42,000 square foot facility in Austin, the official launch of our Channel Partner Program, which received several recognitions from CRN, and the first full year of operations for our Raleigh Data Center, 2014 was big year for our company. We are glad to see the fruits of our labor play out as represented in this recognition which also solidifies our spot as one of the top data center service providers in the nation."

Coverage of the MSP500 is featured in the February 2015 issue of CRN, and online at www.CRN.com.

About the Channel Company
