***OnRamp's Drew Jenkins Hosts Webinar on the OnRamp Partner Program***

AUSTIN, TX – OnRamp, an industry leading high security and hybrid hosting solutions provider with data center locations in Austin, TX and Raleigh, NC, announced today that Senior Director of OnRamp's Channel Partner Program, Drew Jenkins, will host an informational webinar on Thursday, March 12<sup>th</sup> at 1 pm CT. In it, Jenkins will provide an overview of OnRamp's Channel Partner Program and a demo of the company's Partner Portal, which serves as a resource center for OnRamp Partners to register and track opportunities, obtain co-branded marketing materials and stay current with the company's news, events, services and solutions.

Established in 2013, and named to CRN's Managed Service Provider (MSP) 500 list in 2014 and 2015, OnRamp's Channel Partner Program enables registered partners, across all industry verticals, to incorporate data center services into their current product and service offerings to build a more robust solution for their end-users. Whether acting as a Referral Partner or Reseller, OnRamp partners are given the ability to capitalize on the fast-growing data center market to meet their business goals and are rewarded by bringing new business to OnRamp.

"If you are an IT consultant, Systems Integrator, Managed Service Provider, VAR or ISV building additional recurring revenue streams or you just want to capitalize on your influence helping customers leverage OnRamp's hybrid hosting solutions, we would love the opportunity to form a partnership with you," stated Jenkins. "We understand the value our partners bring to our business, which is why we go great lengths to supply them with the tools and resources necessary to meet their business objectives."
