

Signature Home Health of Bellevue Receives Perfect Survey Results from Washington Department of Health

Bellevue Home Health Agency Earns State Surveyors Trust in Operations and Reaffirms its Commitment to Quality Patient Outcomes

Bellevue, Washington – Signature Home Health, a Bellevue, WA provider of home health services for persons in their home or home setting, earned perfect survey results from the State of Washington Department of Health (DOH). The random survey is conducted by DOH representatives in accordance with strict guidelines administered by the Centers for Medicare & Medicaid Services to ensure agency compliance.

“Receiving deficiency-free survey results says a lot about our Bellevue Home Health team and their dedication to our mission of enhancing the life of every person we serve,” says Bob Thomas, PT, President of Signature Hospice, Home Health, Home Care. “We are proud of their hard work and commitment to excellence in all that they do.”

The state of Washington presents surveyors to local healthcare providers for analyzing compliance of patient records, care plans, nursing services/oversight, documentation of services performed, and more. In addition, employee records are reviewed to assess proper training of personnel, background checks, drug screening, and more to insure the public’s safety. Each agency must meet or exceed documented procedural requirements in accordance with the Washington Administrative Codes for owning and operating a healthcare agency.

"We are honored to have the distinction of quality and excellence in our patient care," says Becki Biddulph, Administrator. "Our team has created an environment that places the patient at the center of our business and we are proud to be recognized for the quality care and patient satisfaction we strive for every day."
