INSTRUCTION

- Get sufficient rest
- Please come on empty stomach with overnight fasting (10 - 12 hours) you can have half a glass of plain water during fasting period.
- After completing Blood test and Ultrasound - Complimentary breakfast will be provided.
- In case you are taking any medication; please bring your prescription/medication and all earlier medical reports along with you, and If you are a diabetic or a cardiac patient, please inform Health Check coordinators and Nurses.
- You may be required to change clothes frequently while undergoing various tests, you will feel more comfortable in casual clothes and footwear. Also you may need to walk on barefoot or in shoes in the treadmill. Please avoid cigarettes, caffeine, alcohol and tobacco, and Men are requested to shave chest before coming to the Cardiac Stress Test (TMT).
- While collecting urine, allow the first portion to drain out and collect during the middle portion while urinating.
- Urine/stool to be collected on the morning of the check-up in a container provided by RxDx Clinic – Nurse station.
- Validity period of all health checks is one month, with in which period, review should be completed.
- Ladies : Pregnant ladies or those suspecting pregnancy should not undergo X – ray, Mammography, treadmill test
- If you are menstruating on the scheduled day of your appointment, kindly inform the nurse on arrival, since you will not be able to do your Urine, Stool and Pap Smear tests as the presence of blood would produce inaccurate results.
- Written reports and review would be completed within 48-72 hours
If you wish to postpone the health check after fixing an appointment, please call/Email us to reschedule the dates. Contact – **080-49261111/40187588**. Web : **www.rxdx.in**
Email : **info@rxdx.in**

We would like to hear from you and provide better service - please ask for feedback/suggestion form from health- coordinator after completing health check.
