Inc. 5000 #1432 2014

JDE Inventory/In-transit/GL Reconciliation Software – RapidReconciler®

Over 200 companies in 17 countries use RapidReconciler, to streamline their JD Edwards inventory and in-transit reconciliation processes to the general ledger. By using RapidReconciler, companies are able to easily identify the root cause of the issue and take corrective action, thereby minimizing future occurrences.

RapidReconciler works in conjunction with any release of JD Edwards EnterpriseOne or JD Edwards World applications.

- Improves inventory accuracy to 99.7%
- Reduces reconciliation time by an average of 76.3%
- Validates business processes and system configuration
- Provides historical "As Of" reporting
- Be operational in 3 days, guaranteed
- Leverages line of credit – accurate inventory valuations

Advanced Monitoring

GSI's expert staff and sophisticated GENIUS monitoring platform address the most challenging system performance issues for JD Edwards EnterpriseOne and other enterprise applications, enabling users to realize optimal performance.

The JD Edwards architecture features three industry-standard "Layers": Web, Application, and Database. A problem with any one layer could potentially render the entire application unusable. Using its deep understanding of JD Edwards, GSI has created multiple GENIUS modules, each of which provides critical insight into one or more layers of the JD Edwards application stack.

Types of Monitoring

- JDE Enterprise Servers – UBE and Business Function
- Web Servers – WebLogic, WebSphere
- Database Management System – Oracle, SQL Server, DB2
- Operating System – Linux, AIX, IBM i, Windows
- Network – Local Area Network and Wide Area Network
- EnterpriseOne Application – System Availability and Health

GSI, Inc.

GSI, Inc. is a JD Edwards full-service application, development, and technology company and Oracle Platinum Partner. The client-centric consultancy offers a comprehensive suite of solutions including AppCare, a 24/7 managed service for JDE, DBMS, and OS care, as well as RapidReconciler®, its inventory reconciliation software acquired from Andrews Consulting Group. GSI consulting services are backed by its signature 100 percent satisfaction guarantee. Founded in 2004, the rapidly growing company is headquartered in Atlanta with locations nationwide.

RapidReconciler is a registered trademark of GSI, Inc. All other trade names are the property of their respective owners.
