

Accelerated Implementation for Manufacturing

- Exclusively designed for the manufacturing& distribution industry
- Fastest ROI deliveredin as few as 60-90 days
- Three implementation plan options

Sales Cloud AIM_®

Accelerated Implementation for Manufacturing

Terillium's AIM program provides manufacturers with the fastest ROI on Oracle's modern Sales Cloud by delivering in 60-90 days. Terillium offers three AIM options so clients can choose the Sales Cloud implementation that makes the most sense for their business.

AIM Express

Delivered in 60 days. Includes configuration, testing, training and go live support for:

- Core set of Sales Cloud modules including mobile sales
- ▶ Business Intelligence for CRM
- ▶ Basic end user training

AIM® STRATEGIC CONSULTING

Terillium offers AIM Strategic
Consulting as an additional option
to any Sales Cloud AIM project.
Terillium Consultants help clients
develop their sales strategy and
process. The consulting package
includes:

- Sales Vision & StrategySessions
- Current Sales Process Audit& Analysis
- Development of Future Sales
 Strategy, Statement and
 Presentation

AIM Plus

Delivered in 90 days. Includes configuration, testing, training and go live support for:

- Core set of Sales Cloud modules including mobile sales plus social collaboration and sales coach
- ▶ Business Intelligence for CRM with five custom reports
- ▶ Five custom data fields
- ▶ Custom data import
- ▶ In depth end user training

"Terillium implemented Sales Cloud for Polychem on-time and under budget. Our go live was extremely smooth with no issues.

I would recommend Terillium to any company considering a Sales Cloud implementation."

> -Scott Vice President of Sales Polychem

AIM Pro

Includes AIM Strategic Consulting and the development of a custom sales process.

Includes configuration, testing, training and go live support for:

- ▶ Full set of Sales Cloud modules
- ▶ Business Intelligence for CRM with 10 custom reports
- ▶ Ten custom data fields
- ▶ Integration with ERP
- ▶ Multiple custom data imports
- > Extensive end user training

"The Terillium Team did outstanding work helping us implement Oracle Sales Cloud.

There aren't enough words to explain the knowledge, professionalism, and support the consultants provided throughout the entire process."

> -Nino IT Manager Lockwood International

TERILLIUM SALES CLOUD AIM

THE POLYCHEM STORY is one of leadership, consistent growth and success. Polychem leads the way in the manufacturing of plastic strapping, plastic strapping/hooding systems and accessories.

PRODUCTS IMPLEMENTED

- Oracle Sales Cloud
 - Contact Management
 - Pipeline Reporting
 - Opportunity Management
 - Smartphone Compatibility
 - Microsoft Outlook Integration
 - Sales Activity Management
 - Analytics

WHY TERILLIUM?

- Oracle partner of the year5 yearsrunning
- Consultants with more than 1,000 years of combined experience
- Oracle Platinum Partner
 Specialized
 in Sales Cloud

THE VISION

Polychem's prior system was comprised of an unsupported legacy Customer Relationship Management (CRM) solution. The outdated CRM:

- Lacked opportunity management
- Lacked effective reporting
- ► Had a difficult user interface

THE JOURNEY

Polychem brought in Terillium to replace the company's old CRM and implement Oracle Sales Cloud with:

- Improved opportunity and pipeline management
- World-class reporting and analytics
- ▶ A modern interface

THE DELIVERY

Terillium deployed Sales Cloud providing Polychem with a modern, user-friendly system. The project:

- Came in under budget
- ▶ Went live on time in 83 calendar days
- Included
 - improved reporting
 - > opportunity management

 - > many other new features

Terillium implemented
Sales Cloud for Polychem
on-time and under
budget. Our go live was
extremely smooth with
no issues.

I would recommend

Terillium to any
company considering
a Sales Cloud
implementation.

-Scott Jeckering Vice President of Sales Polychem

MANUFACTURING

LOCKWOOD INTERNATIONAL has been serving major global industry leaders for over 35 years as a world-class supplier providing industrial valves and solutions for the upstream, downstream and energy markets.

PRODUCTS IMPLEMENTED

- Oracle Sales Cloud
 - Contact Management
 - Pipeline Reporting
 - Opportunity Management
 - Smartphone Compatibility
 - Microsoft Outlook Integration
 - Sales Activity Management
 - Analytics

WHY TERILLIUM?

- Oracle partner of the year vears running
- Consultants with more than 1,000 years of combined experience
- **Oracle Platinum Partner** specialized in Sales Cloud

THE VISION

Lockwood International came to Terillium when the company discovered that its sales group was not working effectively as a team. The strategic vision was a better defined sales process that fostered collaboration and communication.

The existing sales technology at Lockwood:

- Lacked management analytics
- Lacked visibility into sales activities
- Contained segregated contact information

THE JOURNEY

Lockwood contracted Terillium to:

- Design a new sales process
- ▶ Implement Oracle Sales Cloud

This process would better equip the Lockwood sales team with:

- Management insight
- Reportable activities

Sales Cloud would also help organize Lockwood's contacts so the information was a central, useful asset to the sales team. The **Terillium Team** did outstanding work helping us implement Oracle Sales Cloud.

There aren't enough words to explain the knowledge, professionalism, and **support** the consultants provided throughout the entire process."

-Nino Rivera Lockwood IT Manager

THE DELIVERY

Terillium designed and executed a company-wide sales process for Lockwood. As part of that process Terillium deployed Sales Cloud. The project:

- ► Came in 10% under budget
- Used only two consultants, who worked mostly offsite
- ▶ Went live in 90 calendar days
- ▶ Included new dashboards with metrics for increased visibility to manage sales
- Resulted in a mobile and collaborative sales process for Lockwood International
