

Whisper Lift II PRO Swivel

Advanced TV Lift

WHISPER LIFT II PRO ADVANCED SWIVEL TV LIFT

23501 - Whisper Lift II PRO Advanced Swivel TV Lift

The new Whisper Lift II PRO is the culmination of over 7 years of Touchstone's research and design by our expert mechanical engineers. The Whisper Lift II PRO is constructed from durable steel for unmatched strength and stability and is powered by our whisper quiet 24V motor. The Whisper Lift II PRO operates by using a single piston actuator in an enclosed system for completely safe operation with virtually zero wear and tear. Touchstone's Universal Quick Connect system makes it easy to install any flat screen TV in just minutes. The Whisper Lift II PRO features a unique mounting mechanism which fastens your flat screen TV to the Quick Connect Bracket for guaranteed safety and security. Along with the included wireless RF remote control, the Whisper Lift II PRO control box allows for the lift to be controlled by third-party systems via 12v trigger or Infra-Red.

23501 Whisper Lift II TV Lift

- Lift raises quickly to the full height of 64" in less than 30 seconds
