Commonwealth Legal Achieves Symantec eDiscovery Expert Competency

TORONTO, ON, CANADA – April 28, 2015 – COMMONWEALTH LEGAL, a division of RICOH Canada, and leading provider of secure, web-based legal document management solutions, officially announced today that it has achieved the **Symantec eDiscovery Expert Competency**. This Symantec certified competency requires proven expertise and skills in the areas of archiving and ediscovery, along with demonstrated investment and expertise in the Symantec eDiscovery Platform powered by Clearwell.

EXPERT PARTNER
Symantec eDiscovery
Competency

“Commonwealth Legal is the first partner in Canada to reach the Symantec eDiscovery Competency at the Expert Level.”

“This achievement supports our unwavering commitment to enable businesses to defensibly identify, access, and analyze business information in an automated, secure and cost effective manner,” said Lindsay Duprey, Vice President of Sales and Business Development at Commonwealth Legal. “Our customers know that by working with Commonwealth Legal they will receive the expertise and support needed to build repeatable business processes and truly benefit from the power of the Symantec eDiscovery Platform.”

Symantec’s Partner Program recognizes partners like Commonwealth Legal who have proven expertise in a particular area of business and meet certain requirements that deepen their knowledge and proficiency in a solution family. Since 2009, Commonwealth Legal has offered Clearwell as a fully managed cloud based solution, has processed terabytes of data and has developed the expertise, best practices and workflows to fully support law firm, corporate and government customers alike – all while meeting the highest security standards in compliance with their ISO 9001:2008 certification.

“Commonwealth Legal is the first partner in Canada to reach the Symantec eDiscovery Competency at the Expert Level,” said Steven Scharien, Director of Canada Sales at Symantec. “As a long-standing Symantec partner, I am thrilled that we can officially recognize them for their unique depth of industry knowledge, team expertise, technical competency and high security standards.”

The Symantec eDiscovery Platform powered by Clearwell is available in Canada through Commonwealth Legal as a direct install at your firm or as part of our managed services offering.
