

SALES NAVIGATOR: GET TO KNOW US

WHAT IS SALES NAVIGATOR?

Sales Navigator is a mobile platform designed to enable enterprise CRM users to mobilize and visualize their sales data.

Sales Navigator enables field sales representatives to see more of the **right customers** each day and to **increase sales** by helping them:

- Locate nearby customers and prospects
- Plan and optimize daily sales routes
- Record daily tasks and activities
- Automatically log sales activity
- Access CRM data on the road

PRODUCTS AND PARTNERSHIPS

Our basic version of Sales Navigator is sold in the iTunes AppStore without any CRM integration. This version is the platform for our current and planned integrations.
