Established in 1986, the CODiE Awards celebrate outstanding achievement and vision in the software, digital information and education technology industries. CODiE Finalists were chosen from judges encompassing technology trade journalists, consultants, educators, IT and product specialists, and other knowledgeable, yet neutral, experts. Winners were announced May 5th at an awards celebration and can be accessed at <http://www.sii.net/codies/2015/winners.asp>. The CODiE Awards is a peer recognition program, which makes qualification as a finalist more valuable than public or customer recognition programs.
