svSTRIKE is the first and only product of its kind. Created and built in the U.S.A., it offers law enforcement agencies a forensic solution to bypass PIN/ Passcodes on iPhones and Androids! Users can choose from a simple attack to a more advanced attack using smart technology to find commonly used codes.

BONUS FEATURE

Unlock CDMA Cell Phones with this Password Acquisition Tool! With a smooth transition and no brute force, it acquires the locked code successfully. Attaining the code is a simple process in under 30 seconds.

*Available on CDMA Feature Phones using Qualcomm chip sets!
