Thank you so much for purchasing the *Car Organizer*! We truly appreciate your business!

Installing and Using the JACO Superior Car Organizer:

The JACO Superior Car Organizer is *easy to install and use!*

Step 1: Use the top adjustable strap to secure around headrest

Simply adjust the strap to your desired length and secure it using the clip-on strap. Make sure to leave enough room to allow the organizer to easily switch between the front and back of the seat to accommodate for passengers.

Step 2: Store away your travel accessories and other items

The large storage section is divided into three sections and perfect for storing electronics, books, files, notebooks, tablets, auto tools, toys, mail, and more. Store your smaller items in the two front mesh pockets, and use the side mesh pockets to keep beverage bottles and snacks close by.
