

PEACE AND PROSPERITY THROUGH SCIENCE COLLABORATION

WHO WE ARE

CRDF Global is an independent nonprofit organization that creates opportunities for scientists and innovators to make the world a better place. We work with local and international partners to drive results through scientific collaborations that transcend cultural, political and economic borders.

THE POWER OF SCIENCE

Science and technology applied responsibly takes people from poverty to prosperity, turns sickness to health, and transforms potential into achievement. We empower communities to address challenges that affect individuals locally, regionally and around the world.

HOW WE DO IT

Technical and professional training for scientists and innovators

Program design and management

Research capacity building at universities and institutions

Cross-border research competitions

Fellowships focused on research and policy

Safe and responsible science

Professional network building and fostering

Grants to conduct research and travel

Innovation ecosystem development in emerging countries

Financial and logistical management services

Fundraising for displaced scientists and innovators

Science diplomacy stewardship

OUR IMPACT

Our distinctive expertise, networks and approaches integrate scientists and innovators into the global community.

\$175 MILLION managed through more than 6,800 program awards

\$43 MILLION + leveraged in contributions from other sources

\$300 MILLION in awards facilitated for clients

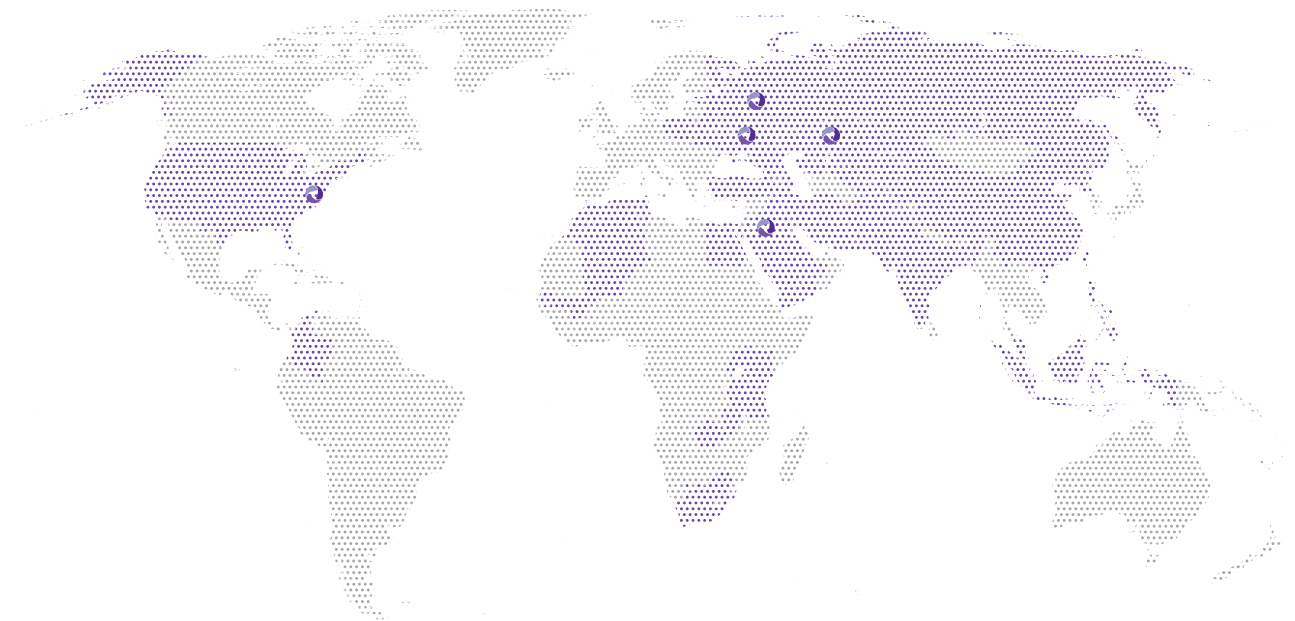

20,000 online peer reviews coordinated

\$40 MILLION of project equipment and supplies procured

9,000 + electronic proposals processed

WHERE WE WORK

We work with local and international partners and operate in more than 40 countries with offices in the United States, Ukraine, Russia, Jordan, and Kazakhstan.
