

FIND AND CREATE NEW COURTS

League For Volleyball is the only volleyball app that helps volleyball players find nearby courts to play and compete. And it allows players to continue to build the network of volleyball court locations for other players to discover.

- COURTS MAP**
League For Volleyball lets you scan the map for courts in your area to compete at. Nothing keeps you on your toes like going to a new court. New courts are being added daily by competitive League members like you!
- CREATE A NEW COURT**
If you are at your favorite spot to play volleyball and it is not already on the map, then tap the "Mark current location as new court" button while you are there to mark your territory on the courts map. Now other League members can discover a new volleyball court.
- COURT MAP MARKERS**
Tap on any court marker on the map to see how many players are on that court in REAL-TIME! And to see other detailed information about that court by tapping the "COURT INFO" button.
- FAVORITE COURTS**
League For Volleyball members can add and remove any court on the map to their "Fav Courts" list. This feature gives you a quick snap shot of the number of players on your courts (without scanning the map marker) and the last time to you showed up to play.

CHECK-IN AT NEARBY COURTS

Checking into the courts around you is what League For Volleyball is all about! The more volleyball courts you check into the bigger your League becomes and the number of players that you are connected to.

- COURT INFORMATION**
The Court Info screen shows an image of the currently selected volleyball court, along with the name of the court.
- LIVE PLAYERS LIST**
The Court Info screen also gives a list of all the League members that are currently checked-in on that court. Once you check-in, other members will see you on the list, and then the rating can begin!
- CHECK-IN**
When you are at any court location tap the "Check-in at this court" button to let the competition know that you are there! By checking-in you let other members who are scanning the map know how many players are at that court ready to play. So don't just sit there let em know the court's not empty.
- COURT NOTIFICATIONS**
When League members begin to check-in at courts that you been to, you can receive notifications when a set number of competitors have arrived at your favorite court(s). You can adjust notification settings within the League For Volleyball settings.

REAL-TIME RATINGS
