“A battle is underway, a fight for the hearts and minds of humanity. The battle between good and evil, heaven and hell, God and Satan, has been raging ever since creation.”

- from the Introduction

> SYNOPSIS

The supernatural world is all around us. You can't turn on the TV, go to the movies, or browse a bookstore without being exposed to its influence upon culture today.

Since *The Exorcist*, movies about demon possession have increased in quantity and gore. Witchcraft invades literature, packaged in stories directed towards children. Zombies, ghosts, vampires, and aliens are regular characters featured everywhere from TV dramas to *History Channel* specials. Some mock the supernatural. Some preach against it. Some act like it doesn't even exist.

Brynne Larson may look like a normal girl—except her version of normal involves waging spiritual warfare and teaching people around the world that the paranormal is very real.

Get ready to:

- Learn how the supernatural impacts your everyday life from someone with practical experience with the unseen realm
- Hear powerful stories of people who were terrorized by paranormal activity and be inspired by their journeys to freedom
- Receive help and healing if you are a victim of the dark side of the supernatural

You were created to experience the supernatural. The secret is learning how to avoid the dark side.

AUTHOR PROFILE

> Brynn Larson

Brynne Larson is an everyday college student who travels internationally teaching on the supernatural and casting out demons. Her deliverance ministry is world-renowned and has been featured on BBC-TV, Anderson Cooper 360, and ABC-TV's "Nightline" and "Good Morning America."
