1. Echocardiogram - \$190*

Evaluates overall heart health and function using digital ultrasound to detect early signs of heart disease.

2. Abdominal Cancer Screening - \$190*

Screens for early signs of cancer in the liver, kidneys, pancreas, gallbladder & spleen using ultrasound.

3. Carotid Ultrasound - \$85

Screens for fatty plaque in the carotid artery to detect and help prevent strokes.

4. Aortic Aneurysm Screening - \$50

Detects early signs of an aortic aneurysm using ultrasound.

Pelvic Ultrasound Screening (Ask if Available) - \$85 w/ screening package, \$145 w/o

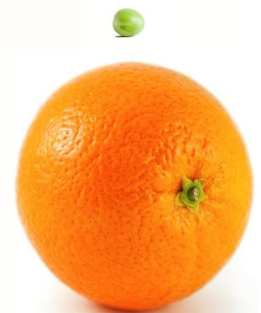

Detects abnormalities in the uterus and ovaries.

Bone Density Screening - \$25 w/ screening package, \$50 w/o

*Highly Recommended

“These screenings find problems that go unnoticed during an annual physical.”
- Larry Snyder, M.D.

Cancer can be detected when it is the size of a pea or an orange.
