### **SITECH Hawai'i Announces Grand Opening** *New Dealership Offers Industry Leading Construction Technology Solutions*

**Kapolei, HI** – – SITECH Hawai'i, the leader in construction technology solutions, announces the grand opening of its new location at 91-220 Kalaeloa Blvd in Kapolei, Hawai'i. SITECH Hawai'i offers heavy civil construction and highway contractors in Hawai'i and the Pacific Region the most comprehensive portfolio of easy-to-use and reliable construction technology systems available.

Javan Plunkett, General Manager says, "Our customers can optimize the power of the Trimble® Site Positioning System and real-time equipment management software to grow their business." Plunkett continues, "We provide innovative solutions to everyday construction challenges with our outstanding product line, unparalleled service and personalized technical support, and comprehensive training offerings."

Roz Buick, Ph.D., Vice President & General Manager Trimble Navigation, Heavy Civil Construction and Marine Division adds, "SITECH Hawai'i can help contractors improve their operations. Whether you are building roads, railways or prepping a building site for a large scale project, SITECH Hawai'i can provide customers with the valuable technology insights they need to reduce operating costs, improve project efficiency, and jobsite safety."

Please contact Javan Plunkett at 808.676.0324 for more information on SITECH Hawai'i and the powerful construction technology solutions available.
