

# Control Your Maximum Product Margins With **CompliPrice**<sup>SM</sup>

F&I Express<sup>®</sup> eContracting  
with CompliPrice<sup>SM</sup> ensures  
your margins are compliant  
on all aftermarket sales.

Your solution to a more efficient process for aftermarket sales is the F&I Express<sup>®</sup> eContracting platform. Combined with CompliPrice<sup>SM</sup>, you have the ultimate tool to help you manage your margins and overall compliance program.

## **Select Your Markup Options**

Determine the maximum margin on any aftermarket product sold to have a flat dollar or a percentage markup over your cost, or a combination of both.

## **Override Margins as Desired**

Choose to override your maximum margins with the click of a button. Built-in functionality is included to track all overrides along with notes.

## **Adhere to Policies**

Before they are finalized, automatically prevent contracts from violating your compliance program policies and follow Consumer Financial Protection Bureau (CFPB) policies.
