

Your MLS Board Could Be Missing Out on Extra Money!

Showing Suite MLS Newsletter

Stay up to date on all the latest real estate tools Showing Suite offers exclusively for your MLS board members.

Free MLS Tools

With Showing Suite, all your MLS members will have FREE access to Showing Suite's showing scheduling system, including a buyer contact management system, the

ability to schedule showings with confirmation emails, submit questions to listing agents, and give buyers access to Showing Note.

What's the Catch?

There is no catch! There is no cost to integrate Showing Suite for your MLS, and no hidden fees. Your members have the option to upgrade to the paid version of Showing Suite, where your MLS will receive a recurring quarterly revenue share bonus for all active members.

You could earn upwards of **\$10,000** in additional income per year!

Your MLS will earn recurring revenue for each one of your members who signs up for Showing Suite Ultimate.

Your MLS will receive a portion of the subscription cost per agent, for the lifetime of their active Showing Suite Ultimate account.

Ultimate Automation

Showing Suite sells homes faster, helps agents obtain more listings, save agents time, and provides benefits to client buyers and sellers. It provides productivity mobile apps to use as a listing agent, as a buyer's agent, and also apps for client sellers and buyers.

In the paid version, Showing Suite Ultimate, agents have access to the wide suite of products Showing Suite has developed. The award winning HomeFeedback system that syncs up to the lockbox sends automated showing feedback for each showing. Users can see the responses to the feedback as well as access compelling statistical reports for their sellers.

Each agent can also receive text message confirmations in addition to email with the Text2Show service. They have access to the Showing Calendar which coordinates all the showings and sends automated reminders and confirmations. Agents have the ability to enable Showing Robot on their listings which is a text message sign rider system. These plus a built in CRM system, satisfaction surveys, Eblast marketing and more are all a part of the Showing Suite system.

Listing Agents

A local phone number is provided for buyers and another phone number for agents to call and automatically schedule their showings. Use it 100% of the time or forward your phones after business hours to schedule your companies showings instead of leaving messages.

Sellers

Present sellers with home feedback directly from the showing agents and their buyers. Once sellers begin to read feedback responses through their very own Seller Portal on your website or by using their Showing Suite mobile app, they will be more apt in making necessary changes to speed the sale of the listing.

Buyer's Agents

Provide the SHOWING NOTE mobile app to buyers by emailing them from the app and sharing a Showing Notebook. Have upcoming and past showing information all at an agents fingertips and easily contact listing agents after you check into their listing for questions.
