Description:

SWS Environmental Services is one of the largest, most diverse, and strategically positioned environmental services companies in the United States. Currently operating from 29 locations in Alabama, Florida, Georgia, Kentucky, Louisiana, North Carolina, Ohio, Tennessee, and Texas, there are 500 personnel on staff and more than 400 pieces of rolling stock owned and operated. Service centers are equipped and ready to respond 24 hours a day, 7 days a week.

Ownership:

SWS is a privately held Delaware Corporation operating as Progressive Environmental Services, Inc. dba SWS Environmental Services

Management:

James J. Weber, Jr., Chief Executive Officer

Operating Hours:

24-Hours a day, every day of the year

Employees:

500 full-time employees

Highlights:

- 29 locations across the Southeast, Midwest and Gulf regions, with over half located in or near a metropolitan area
- 10 Service Centers within 25 miles of the Gulf of Mexico and the Atlantic coastlines
- Depth and breadth of services is extensive based on four core business segments: Emergency Response, Remediation Services, Waste Services and Field Services
- Participated in the cleanup of some of the nations most notable disasters including 9/11, Hurricane Katrina and the Deepwater Horizon Gulf Oil Spill
- Serving both the private and public sector
- Started serving customers in the early 1970s

History:

Starting off in the early 1970s as a small, domestic waste company serving the waste and waste oil industry, the deployment of vacuum trucks to a series of oil spills early in its history eventually evolved into SWS First Response, a premier emergency response and environmental services contractor. Over the course of 30 years, through organic growth and acquisition, the company expanded across ten states, has performed services both nationally and internationally, and developed an entire line of environmental services categorized as Emergency Response, Remediation, Field Services and Waste Services.
