# New in NovaBACKUP 17
The #1 Single-Server Backup Solution

Invaluable Real-Time Reporting
Automated and configurable daily, weekly, and monthly reports put you in control of backup jobs at all times. Track status via one-step email notifications, as well as the storage available on destination devices.

Advanced Scheduling
Now you can create a unique, personal schedule within your backup routines to disable or enable backup jobs when out of office for maximum productivity and convenience.

Streamlined for Efficiency
NovaBACKUP runs lean and mean with one of the smallest and fastest backup software installations on the market. New framework changes focus NovaBACKUP even further on rock-solid stability and reliability.

Seamless Support of Popular File Sharing Applications
Backup to your favorite cloud platform *(Dropbox, Google Drive, etc.)* as you would to any other drive! Store data safely and securely with military grade encryption.

Benefits and Features

	NovaBACKUP® NAS *multi-server protection with central management*	NovaBACKUP® Business Essentials *advanced server protection*	NovaBACKUP® Server *single file-server protection*	NovaBACKUP® PC *single workstation and laptop protection*
