User Trend Chart

User Audit Detail Report

Top Users Visit Chart

- **Automatic Abuse Detection.** Identify Web abuse based on your AUP.
- **Interactive Reporting.** Easily drill down to more detailed data.
- **Report Scheduling.** Schedule reports to run on your timetable.
- **Operator Accounts.** Provide reporting-only access to managers and HR.

Technical Advantages

- **Bandwidth Protection.** Monitor Web sites that consume the most bandwidth.
- **Security Assurance.** Identify spyware, malware, public proxies, etc.
- **Active Directory Support.** Integrate seamlessly with Active Directory.
- **Daily List Updates.** Stay on top of Web 2.0 trends with automatic updates.
- **Minimal-Effort Administration.** Administer through the browser with ease.
- **Array Support.** Manage multi-location configurations from one server.
- **Scalability.** Handle small to large amounts of data as your company grows.
- **Adaptability.** Support log file formats regardless of proxy server or firewall.

Minimum System Requirements

- **Processor:** 2 GHz
- **Memory:** 2 GB RAM
- **Hard Disk:** 500 MB free disk space depending on log file storage needs
- **Supported Operating Systems:** Windows Server 2012/2008/2003, Windows 8 and 7, Linux: Red Hat, Fedora, CentOS, and Ubuntu
- **Supported Browsers:** Fully tested in the latest version of Internet Explorer. Also compatible with Internet Explorer Version 8.0 or higher, Firefox, Chrome, Safari, and Opera

Log File Support

Cyfin supports virtually all commonly used log file formats. Examples include those generated by proxy servers, firewalls, and caching appliances from vendors such as 8e6, Blue Coat, Dell SonicWALL, Microsoft, Squid Proxy, Symantec, Trend Micro, Trustwave, WatchGuard, and many more.

Installation and Evaluation Support

When needed, Wavecrest provides consultation and advice via telephone or e-mail at no charge during the free trial period.

Pricing

Cyfin is a subscription-based software product that offers the industry's best value for employee Web-use monitoring and reporting. Pricing is tiered, based on the number of people ("nonconcurrent users") to be monitored. In general, the price-per-user decreases as the number of users goes up. Every Cyfin purchase includes:

- No-charge, U.S.-based technical support for the lifetime of your license
- Daily URL List updates
- Free product upgrades
- 90-day money back guarantee

Discount pricing is available for government agencies, educational institutions, nonprofit organizations, and resellers. For more information, contact Sales at 321-953-5351, Ext. 3.

Wavecrest Computing has provided business and government clients with reliable, accurate Web-use management products since 1996. IT specialists, HR professionals, and business managers trust Wavecrest's Cyfin® and CyBlock® products to manage employee Internet usage – reducing liability risks, improving productivity, saving bandwidth, and controlling costs.

Wavecrest has over 3,000 clients worldwide, including Edward Jones, General Electric, IBM, MillerCoors, New York City Dept. of Transportation, Rolex, Siemens, and a growing list of global enterprises and government agencies. For more information on our company, products, and partners, visit www.wavecrest.net.
