

**iPatientCare Set to Participate and Celebrate 10th Anniversary of National Health IT Week
iPatientCare, Inc. as a Proud Partner in the Advancement of Health Information Technology
Healthcare will be Participating in the 10th Annual National Health IT Week, October 5-9, 2015**

Woodbridge, New Jersey, August 25, 2015 -- iPatientCare, Inc., a pioneer in mHealth and cloud-based [ambulatory EHR](#), integrated Practice Management and Patient Engagement solutions, declared to participate in the 10th Annual [National Health IT Week](#) as a proud partner, October 5-9, 2015.

The 10th anniversary of the Annual National Health IT Week will be celebrated during October 5-9, 2015. National Health IT Week is a synergistic forum and virtual awareness week that gathers public and private key healthcare constituents dedicated to working together to elevate the necessity of advancing health through the best use of information technology for the U.S. healthcare system.

National Health IT Week supports health IT to achieve technological medical advancement, specifically electronic health records (EHRs) to improve the quality of healthcare delivery, increase patient safety, decrease medical errors, and strengthen the [interaction between patients and healthcare providers](#).

“We work hard to achieve technological advancement for medical informatics that helps medical systems work better. We participate in National Health IT Week to highlight our organization’s commitment to ensure health information technology is integrated, interactive, interoperable, and intelligent to provide the best patient outcomes,” said Udayan Mandavia, CEO, iPatientCare.

About iPatientCare

iPatientCare, Inc. is a privately held medical informatics company based at Woodbridge, New Jersey. The company is known for its pioneering contribution to mHealth and Cloud based unified product suite that include Electronic Health/Medical Record and integrated Practice Management/Billing System, Patient Portal/PHR, Health Information Exchange (HIE), and mobile point-of-care solutions that serve the ambulatory, acute/sub-acute, emergency and home health market segments.

iPatientCare EHR 2014 (2.0) has received 2014 Edition Ambulatory Complete EHR certification by [ICSA Labs](#), an Office of the National Coordinator-Authorized Certification Body (ONC-ACB), in accordance with the applicable eligible professional certification criteria adopted by the Secretary of Health and Human Services (HHS).

Full certification details can be found at [ONC Certified Health IT Product List](#).

The ONC 2014 Edition criteria support both Stage 1 and 2 Meaningful Use measures required to qualify eligible providers and hospitals for funding under the American Recovery and Reinvestment Act (ARRA).

The company has won numerous awards for its EHR technology and is recognized as an innovator in the field, being a pioneer to offer an EHR technology on a handheld device, an innovative First Responder

technology to the US Army for its Theatre Medical Information System, the first to offer a Cloud based EHR product. iPatientCare is recognized as one of the best EHR and Integrated PM System for small and medium sized physicians' offices; has been awarded most number of industry Awards; and has been recognized as a preferred/MU partner by numerous Regional Extension Centers (REC), hospitals/health systems, and academies.
