## **Embassy Suites Temecula Expects Record Occupancy During California Wine Month in Sept. 2015**

*Embassy Suites Temecula is expecting record occupancy during California Wine Month this September due to the hotel's close proximity to two of the area's major wine events.*

**Temecula, CA, August 25, 2015** - September is California Wine Month, and the team at Embassy Suites Temecula is expecting record occupancy throughout the entire crush season. Centrally located in Temecula Valley Wine Country, the all-suites hotel is within a short drive of two of the area's top events, making it an enticing lodging option for the swarms of out-of-towners visiting the area to celebrate all things wine.

On September 19th, 2015, Wiens Family Cellars will hold the 3rd annual Crush Festival where they invite residents and visitors to sample wines from over 30 local vineyards and unique food from over a dozen local restaurants. One of the most anticipated food stands is Nice Ice Baby's ice cream and sorbet, where sorbets and ice creams are infused with alcohol creating desserts that taste like cocktails and wine. More than 100 wines will be poured throughout the evening making this event the perfect opportunity to get a real taste of what Temecula Valley Wine Country has to offer.

Through the month of September, the Temecula Valley Winegrowers Association will be promoting "SIP Temecula," an ongoing event where wine enthusiasts can purchase a passport that will earn them four discount wine flights at any of the 30+ participating Temecula Valley wineries.

"Wine month is such a special time of year in the Temecula Valley. Crush is a feast of colors and flavors that surround you from the moment you arrive. From early September through late October, wineries throughout Temecula open their doors to everyone to crush grapes, drink wine, and sample some of Southern California wine country's best culinary offerings," said Chas Senic, General Manager at Embassy Suites Temecula.

Visitors to Temecula Valley can take advantage of Embassy Suites Temecula's close proximity to all the local events happening during California Wine Month. Rooms at Embassy Suites Temecula are filling quickly. To book your stay, visit [www.estemecula.com](http://www.estemecula.com) or call 951-676-5656.
