

The Association of Natural
Health presents:
“Put That Bread Down”

5:45-8:00 pm, Thursday
October 8, 2015

LEARN HOW GLUTEN MAY BE
DESTROYING YOUR HEALTH AND WHAT
TO DO ABOUT IT!

Find out why Gluten Sensitivity doesn't show up on
standard blood tests and much more including:

- Gluten Sensitivity vs Gluten Intolerance and Celiac Disease
- Symptoms to recognize gluten sensitivity and Celiac disease
- Foods that trigger reactions
- Association between gluten and autoimmune disease like: Rheumatoid Arthritis, Autism, Eczema, Chrons, Diabetes, Fibromyalgia, Hashimoto's, Schizophrenia, Depression, Migraines, and MANY other chronic health conditions
- Understanding tests for gluten and food sensitivity

Dr. Tom O'Bryan,

Dr. Tom O'Bryan is a world-renowned expert on gluten and health. He is an internationally recognized speaker and workshop leader on gluten, and the complications of Non-Celiac Gluten Sensitivity and Celiac Disease as they occur inside and outside of the intestines.

Dr. O'Bryan is the founder of www.thedr.com
