Solutions for Stability

Stability studies assist our clients in providing imperative data that will be essential in how the quality of a product varies over time under specific environmental factors such as temperature, humidity and light.

Whitehouse Laboratories offers cGMP ICH stability and storage programs to support our clients in their clinical trials, NDA, aNDA submissions, and management of retain samples.

- **ICH Conditions**
 - +25C / 60% RH
 - +30C / 65% RH
 - +40C / 75% RH
- **Flexible Conditions**
- **Photostability Studies per ICH Q1B**
- **cGMP Storage for Production Retains**
- **Complaint Handling Investigations & Retains**
