Multi-Function Dual-Light™ Headlamp w/ Hard Hat Clip

MARKET APPLICATIONS

Law enforcement, search & rescue, aviation, industrial, automotive and hunting & recreation

DESCRIPTION

This non-rechargeable Multi-function Dual-Light™ Headlamp w/ Hard Hat Clip features a multi-position tilt head design and includes an integrated Stainless Clip for attachment to most hard hat mounting brackets. Utilizing Bayco's exclusive Dual-Light design, this headlamp combines a tight-beam long-throw spotlight, with a wide-beam close area floodlight. Rated at 100 & 60 lumens respectively, the high and low-brightness spotlight beams on this headlamp are designed for distance illumination. This headlamp also has two wide-beam floodlight settings rated at 90 & 50 lumens. The floodlight spreads out in a wide even pattern of light expressly for the purpose of providing illumination of areas that are close by. Additionally any combination of spotlight & floodlight settings can be selected simultaneously for even greater functionality. The top mounted dual switches provide high/low-brightness spotlight and high/low-brightness floodlight.
