DATASHIELD STRENGTHENS SECURITY SERVICES WITH ACQUISITION OF INTEGRATED BUSINESS SOLUTIONS

Salt Lake City, Utah - (October 16, 2015) – [DATASHIELD](#) LLC, a market leader in next generation advanced data security services, announced today that it has successfully completed the acquisition of [Integrated Business Solutions](#) (IBS), a company offering information technology business solutions to corporations. The combination creates an innovative, full-service security and infrastructure company capable of delivering products and services that extend across the enterprise.

“In today’s data security environment, we are constantly working to build higher and more effective walls. The recent acquisition of Integrated Business Solutions has allowed us to build our walls even higher. We were eager to take the necessary steps to better serve our customers and provide the top data security services. And now, we are confident we can deliver best-in-class integrated solutions and an unmatched customer experience. We believe this transaction will further our unique leadership in Cyber Security, Managed Services, and IT Infrastructure market.,” says Michael Malone, Chief Executive Officer of DATASHIELD.

“We are thrilled to become part of DATASHIELD and help better serve our customers. This partnership will only strengthen our ability to help our customers stay ahead of cyber security threats,” said Maria Mastakas, President of IBS.

Following completion of the acquisition transaction, Michael Malone, Chief Executive Officer of DATASHIELD, will continue in his role as CEO of the combined company, with Maria Mastakas leading the sales team as Executive Vice President of Sales. The entire IBS team will join DATASHIELD and the combined company will operate under the DATASHIELD name.
