

TOOLWIRE

GAME-BASED LEARNING FOR DEVELOPMENTAL AND BASIC WRITING INSTRUCTION

The 17 Toolwire Writing Games each take roughly 20 minutes to complete. These auto-graded games enable students to practice writing fundamentals on their own, so faculty can dedicate more time and attention to personalized writing instruction.

ENGAGE STUDENTS

Live-action video immerses students in authentic workplace scenarios. These "virtual internships" make learning relevant, fun, and engaging.

ASSESS AND REMEDIATE

Interactive formative assessments and dynamic remediation from "virtual mentors".

MEASURE OUTCOMES

Performance analytics measure outcomes mapped to key learning objectives.

For more information, please contact us:
seriousgames@toolwire.com.

We would be pleased to help you map game learning objectives to your course syllabus.
