

## POWER CIRCLES

*for companies*

### WHAT IS A POWER CIRCLE?

Power Circles are facilitated groups of 6-8 women dedicated to self-awareness, authenticity, and connection in order to develop and redefine their roles as impactful leaders. These women are self-aware, successful women from diverse ages and backgrounds who believe in staying true to their feminine nature. They value consciousness, connection, and authenticity. Power Circles offer women an opportunity to gain tools, support, and inspiration for navigating the intricacies of the business world. Power Circles meet monthly either in-person (depending on location) or virtually. The Circle is guided by a certified Emerging Women facilitator and meets over the course of 6 months.

### TOPICS INCLUDE

- The Power of Story
- Hard and Soft Goals
- Long-Term Vision
- Uncovering Limiting Patterns & Beliefs
- Courage and Confidence
- Leveraging Native Genius
- Your Unique Leadership Style
- Self-Care
- Personal Habits for High Performance
- Effective and Creative Collaboration
- Unconscious Bias

## THE BUSINESS CASE FOR POWER CIRCLES

**Peer Mentoring** - Because women work best in a collaborative environment, our mentoring model focuses on small, diverse collectives of women rather than simple one-on-one sessions. The result is a rich landscape of perspectives.

**Creating a "Culture of We"** - Our Power Circles are built on conscious, courageous communication, intuition and heartfelt connection which allows participants to hone valuable "we-space" leadership skills such as empathy, mindfulness, and collaboration. We are in an age of connectivity, an age where women's natural inclination toward connection is poised to take the lead - it is imperative that we create a business environment that encourages this.

**Increase Your Leadership Pipeline** - Power Circles give our participants the network, knowledge, and courage to continuously grow in any role and at any level within their company. The inner work of leadership development is never complete, and the issues for women become even more nuanced and complex as we take on more responsibility. Our curated groups are designed to help women keep moving to the next level in their career in a company that values and empowers their growth.

## POWER CIRCLES *for companies*

### OPTIONS & INVESTMENT

#### Outside of Your Company

We will match your selected participants with women across different companies and sectors to participate in a Power Circle. These Circles will launch during the regularly scheduled Power Circle schedule for Emerging Women and the times and dates of meetings will be agreed upon by the group.

\$850 per Person

#### Within Your Company

We will guide, match, and facilitate Power Circles within your company. Circles will meet in-person (if your company has one main location) or virtually (to allow for companies with several office locations). The schedule for Circles will be customized for each company.

\$14,000 per Circle

*\*Circle include 6 women for 6 months*

#### Train Company Facilitators

Want to have Power Circles running at any time, at your own pace, and led by your own team? We can help you invest in your female leadership by training your leaders to become Power Circle facilitators. Once trained your company can facilitate Power Circles at any time.

\$5,000 per Person

*\*\$250 licensing fee per person*

**\*\* Each Power Circle participant will receive an Emerging Women Membership with access to coaching, courses, articles and other leadership opportunities.**

### What Women Are Saying

*It is so great to be in a Circle with other accomplished women wanting more meaning and alignment in their work. I feel powerful and courageous, which helps me to ask for the changes I want to see in my life.*

*I was surprised how much I had negative talk or made excuses for why I wasn't further along in my career. I learned to take ownership and move forward.*

*The exposure here in the power of the Circle - where everyone is going in their work, in their relationships, in their career - it's helped me think a lot bigger, and that has huge value.*

**Bring Power Circles to your company!**
