

Denovo Announces Innovations to Quickly Launch ERP Industry Solutions in a Choice of Cloud Infrastructures

Using its new proprietary QuickStart™ Platform, Denovo can quickly launch QuickBiz™ preconfigured industry solutions in their private, hybrid, or Amazon Web Services (AWS) Public Cloud. Deploying one-click immediate ERP instances in the AWS Public Cloud is now available for Test Drive.

Boulder, CO October XX, 2015 /PRNewswire/ -- Denovo Ventures, LLC (dba Denovo) an Oracle Platinum Partner, today announced it is delivering the future of ERP with increased functionality and speed. Denovo's new QuickStart™ Platform and QuickBiz™ Solutions allow access to Tier 1 ERP Industry Solutions in a subscription based model. With the choice between running your ERP in Denovo's Private Cloud™ or AWS Public Cloud, you can quickly choose the right industry solution for your business.

Denovo's QuickBiz™ Solutions are industry specific ERP Solutions that are executed within a cloud of your choice. These applications running in the cloud provide:

- Increased productivity with access anywhere, anytime to your data and ERP applications using any type of computing or smart device
- Permanently eliminated capital expenditures
- Complete Tier 1 ERP environments created and ready for use in less than thirty minutes
- Customer Care 365/24/7
- Your Choice of Managed Disaster Recovery (MDR™ from Denovo – From Traditional to Instant Recovery)

Mark Goedde, President and COO of Denovo stated; "Our QuickBiz™ Solutions are built to fit specific industry operational needs using Oracle JD Edwards Enterprise One™ ERP Solutions. With the QuickStart™ Platform, we are standing up ERP cloud environments with rich functionality in less than 30 minutes. Our customers want application innovation for their industries and they want a provider that has both infrastructure and application expertise. Simply put, Denovo will continue to innovate at cloud speed."

"Denovo's long term strategy is to provide our customers with a "choice of cloud infrastructures" to run their mission critical applications. Our increasing investment in the simplicity to broker software applications across cloud platforms will provide our customers with a diverse set of cloud solutions. Denovo's added ability to seamlessly monitor and manage the performance those applications and cloud platform provides customers with a turnkey solution." said Marty Snella, Denovo's Chief Executive Officer.
