AP Wyoming Celebrates Dedication at Lincoln Elementary School

October 22, 2015 (Casper, WY) – A group of all ages gathered at North Casper’s newest elementary school last week to applaud the official opening of Lincoln Elementary. Part of the celebration included guided tours from an excited group of students who are all very proud of their new facility. The new 53,000-sf school provides an additional 20,000 sf of education space from the old North Casper Elementary School that includes four K-3 classrooms and three fourth and fifth grade classrooms.

Special thanks was given to everyone involved in the project from Natrona County Chairman, Dave Applegate; Natrona County Superintendent, Steve Hopkins; School Facilities Manager, Paul Syverson; and Principal, Phillip Hubert. This project’s quality and success stemmed from a highly cooperative collaboration between Natrona County School District, Wyoming School Facilities Department, MOA Architecture and AP Wyoming.

About AP Wyoming

AP Wyoming has been a Wyoming resident contractor since 2009, providing construction management, design-build and general contracting services to public and private clients statewide. AP Wyoming serves the higher education, municipal, K-12 school, energy, healthcare, multi-family, retail and senior living market segments from its office in Cheyenne.
