

CaseBrite™ PHONE CASE + POWERFUL LIGHT

The flashlight that's always with you

Designed for iPhone 6, 6 Plus, 6s, and 6s Plus

POWERFUL LIGHT

- Up To 12x brighter than a standard smart phone light
- Independently powered rechargeable 200 lumen flashlight
- Multiple lighting modes for every situation

RUGGED CASE

- Impact-resistant, non-slip rubber case
- Slim profile fits perfectly in your pocket
- Easy-reach single On/Off switch

C•O•B (Chips on Board) is new innovation in LED technology. C•O•B features smaller, easier clustered LED chips mounted directly to the circuit board. These LED chips work together as one lighting module. Because of the compact design, C•O•B outperforms traditional lighting by up to 50 times the light output per centimeter of light surface.
