ServiceMaster By Glenn's Hosts Record-Breaking CE Class

Vero Beach, FL – ServiceMaster By Glenn's, a local water damage restoration company, hosted a continuing education class on October 15th that drew a new record for the company, 43 attendees.

The continuing education course taught insurance adjusters, insurance agents and property managers how to lower their loss ratio and improve the service they provide to their insured. Attendees learned how much damage smoke can cause and what steps can be taken to reduce or minimize the damage. The continuing education course even involved an interactive component that taught attendees how to remove smoke odor damage. Attendees earned 3 hours of continuing education for the free, 3 hour class hosted at the Quail Valley Boat House.

ServiceMaster By Glenn's received positive reviews from class participants. "My favorite one yet!" said Carla Siperek, a local insurance agent who attended the continuing education class. "Mary and Keith always do a great job. These classes are very informative" said Lacy Oglesley, a local insurance broker. Another class participant, Bruce Beam stated, "Excellent! I have attended at least 3 of these over the years!!"

About the successful smoke damage continuing education course, Mary Grella said, "it is a great opportunity to be able to provided the needed accreditation and at the same time build a working relationship as the local disaster restoration specialists".

ServiceMaster By Glenn's plans on hosting more continuing education courses in 2016. You can find the continuing education course schedule at <http://waterdamagespecialists.com/events>.
