

## ■ ■ What is POPICheck™?

POPICheck™ is a SharePoint App that plugs into your existing SharePoint platform and allows you to rapidly perform a POPI assessment and generate corrective actions for improving your compliance with the POPI Act of South Africa.

## ■ ■ Core features

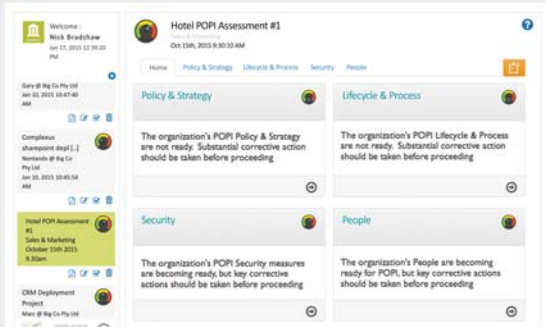

*Assesses 4 Key Areas to track progress towards POPI Compliance*

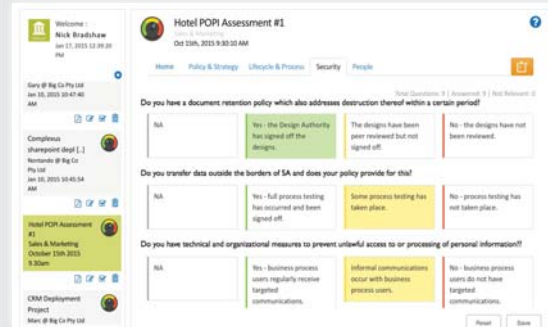

- POPICheck™ quantifies your progress towards POPI compliance across 4 key paradigms (Policy & Strategy, Lifecycle & Process, Security and People)
- Identify key risks and areas for improving the organisation's needs to achieve POPI compliance
- Generates prioritized corrective actions to improve POPI compliance success
- Generates a date and time stamped audit report in PDF format to print, email or share with colleagues & relevant stakeholders
- You can revise / edit your rating at any time as you progress towards compliance
- Teams can collaborate and assess your POPI initiative using SharePoint

## ■ ■ How does it work?

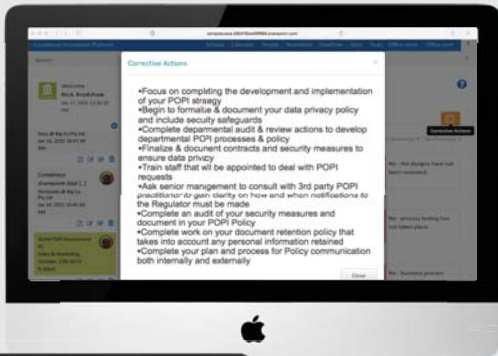

- The software runs as an App in SharePoint
- Runs On-Prem SharePoint 2013/2016 & O365 SharePoint Online or via our hosted service
- You answer 36 POPI assessment questions with multiple-choice answers
- Once the assessment is complete it is saved, dated & time stamped
- All results are presented in an easy to view dashboard with RAG dials
