iPatientCare Takes Pride in Announcing The Achievements Throughout Year 2015.

iPatientCare celebrated the achievements of being the First ConCert by HIMSS™ Certified Ambulatory EHR and record expansion of its user base during 2015

Woodbridge, NJ, December 22, 2015 — iPatientCare, Inc., a pioneer in mHealth and cloud based ambulatory EHR, integrated Practice Management and Patient Engagement solutions, celebrated its achievements in product capabilities/certifications and record expansion of its user base in the year 2015.

The key achievements was iPatientCare being the first recipient of the ConCert by HIMSS™ EHR certification from ICSA Labs based on Interoperability Work Group (IWG) specifications. This certification was granted after rigorous and thorough testing to the technical specifications EHR Edge and Direct Edge System test groups.

iPatientCare also became the first EHR vendor, selected from a rigorous evaluation process in accordance with the GNYHA Ventures Ambulatory Electronic Record Request for Proposal (RFP). Through this agreement, GNYHA Services, Innovatix, and Essensa healthcare members have access to an ambulatory EHR and related services, including a list of free interfaces and custom reports.

Another important achievement was iPatientCare EHR v2014 (2.0) software accomplishing certification for the Surescripts Implementation Guide v 10.6 2013-05-01, EPCS Services, and Connectivity to Surescripts through HTTPS with Basic Authentication. With this added feature, iPatientCare users now have access to complete end-to-end ePrescribing capabilities in awards-winning, easy-to-use, Cloud-based EHR.

iPatientCare is proud to successfully maintain its selection as a Nationwide CMS Qualified Registry to Report HealthCare Quality Measures for years 2014 and 2015.

Additionally, iPatientCare is also honored to magnificently uphold its fame in the list of top 20 most popular Electronic Medical Records (EMR) Software by Capterra since year 2013; currently ranked at 9th place.

iPatientCare EHR has been selected as one of the 20 Most Promising EMR-EHR Solution Providers in 2015 by Healthcare Tech Outlook.

Finally, iPatientCare successfully concluded National User Conference (NUCON) 2015 with various informative sessions including special session by Ashley Spence, Health Insurance Specialist in the Division of Electronic and Clinician Quality, Centers for Medicare and Medicaid (CMS), on 2015 PQRS Reporting Overview.

Udayan Mandavia, CEO/President, iPatientCare, Inc. enthusiastically commented, "This year started with lot of challenges, such as, significant ramping up of operations to handle exceptional growth in our Revenue Cycle Management services, rolling-out of ICD-10 version to thousands of customers, and

getting our products certified for higher standards of interoperability and ePrescribing. I am glad to see year 2015 ending with iPatientCare being the first and ONLY ConCert by HIMSS EHR till today and additionally seeing iPatientCare user base expanding with largest ever success in last few recent years."

About iPatientCare

iPatientCare, Inc. is a privately held medical informatics company based in Woodbridge, New Jersey. The company is known for its pioneering contribution to mHealth, as well as its Cloud-based unified product suite that includes an Electronic Health/Medical Record and integrated Practice Management/Billing System, Patient Portal/PHR, Health Information Exchange (HIE), and mobile point-of-care solutions that serve the ambulatory, acute/sub-acute, emergency and home health market segments.

iPatientCare EHR 2014 (2.0) has received 2014 Edition Ambulatory Complete EHR certification by ICSA Labs, an Office of the National Coordinator-Authorized Certification Body (ONC-ACB), in accordance with the applicable eligible professional certification criteria adopted by the Secretary of Health and Human Services (HHS).

Full certification details can be found at ONC Certified Health IT Product List.

The ONC 2014 Edition criteria support both Stage 1 and 2 Meaningful Use measures required to qualify eligible providers and hospitals for funding under the American Recovery and Reinvestment Act (ARRA).

Full certification details can be found at ONC Certified Health IT Product List.

iPatientCare's ONC 2014 Edition Meaningful Use Stage 2 Certified Complete EHR is also Designated as a Test EHR by CMS.

The company has won numerous awards for its EHR technology and is recognized as an innovator in the field, being a pioneer to offer an EHR technology on a handheld device, an innovative First Responder technology to the US Army for its Theatre Medical Information System, the first to offer a Cloudbased EHR product. iPatientCare is recognized as one of the best EHR and Integrated PM System for small and medium sized physicians' offices; has been awarded the highest number of industry Awards; and has been recognized as a preferred/MU partner by numerous Regional Extension Centers (REC), hospitals/health systems, and academies.
