

SPECIAL CORPORATE PRICING AVAILABLE!

Why Consider the CPRS™ Designation?

Less than 1 in 4 Americans feel confident they will have enough money to retire.* Adding to this sense of urgency, there is a lack of knowledge among financial professionals for how to address these retirement needs. Obtaining the CPRS™ designation will give you the ability to:

- Compete in the \$25 trillion U.S. retirement market
- Convert prospects to clients
- Retain existing customers longer
- Leapfrog closer to CFP® certification

This program is specifically designed to equip professionals and those new to the industry with the knowledge and skills required to advise your clients in these important areas.

How is the CPRS™ Program Unique?

- An accredited fast-track designation that goes beyond topics covered in the CFP Board exam
- CPRS™ credentials can be added to your business card to enhance credibility with clients and prospects
- Accelerated, self-study online program that can be completed in a matter of weeks
- In-depth teaching of leading-edge retirement planning techniques to better serve your clients
- Client Application examples helping professionals effectively communicate retirement complexities in ways clients can easily understand
 - Only offered through this program
