

## **iPatientCare and Practice Insight Concluded the VUCON with an Announcement of the Winner of iPad**

*iPatientCare and Practice Insight teamed up for Last VUCON of the year 2015 and gifted an iPad as a token of appreciation*

**Woodbridge, NJ**, January 14, 2015 — iPatientCare, Inc., a pioneer in [cloud-based ambulatory EHR/ Practice Management System](#) and Value-Added Revenue Cycle Management Services, announced the winner of the lucky draw from attendees of the last VUCON of the year 2015.

The focus of the event was to educate iPatientCare users with the capabilities of iPatientCare EDI product line, which is powered by Practice Insight. iPatientCare demonstrated how iPatientCare EDI can help practice managers in reducing rejections, accelerating payments, and thereby, reducing DAR and increasing reimbursements.

“[Practice Insight](#) is very glad to partner with iPatientCare and help medical offices with benefits of happy patients, fewer complaints, lower staff stress, increased on-time payments, lower outstanding receivables, and less bad-debt.” said David Henshaw, Director of National Accounts, Practice Insight.

“We never miss attending monthly [iPatientCare VUCON’s](#) and last year i.e. in 2015 we also attended the NUCON; since these events provide us an opportunity to learn more about the latest updates of not only the system but also within the Healthcare IT industry. I was very excited when I saw my name as the Lucky Winner of iPad announced by Practice Insight during the last month session” said by Gloria Toledo, MD, Centro de Salud Medico Duarte, Inc., Puerto Rico.

iPatientCare continues to evolve its Application Integration Platform to accommodate many partnerships which help iPatientCare customers reduce costs and improve patient care. To this effect, iPatientCare users look forward many similar events during 2016.

### **About iPatientCare**

iPatientCare, Inc. is a privately held medical informatics company based at Woodbridge, New Jersey. The company is known for its pioneering contribution to mHealth and Cloud based unified product suite that include Electronic Health/Medical Record and integrated Practice Management/Billing System, Patient Portal/PHR, Health Information Exchange (HIE), and mobile point-of-care solutions that serve the ambulatory, acute/sub acute, emergency and home health market segments.
