iPatientCare EHR and Revenue Cycle Management Services Adopted by Bautch Chiropractic Services, Wisconsin

iPatientCare EHR and Revenue Cycle Management Services Has an Additional Prestigious Client in the State of Wisconsin

Wausau, WI, January 26, 2016 —iPatientCare, Inc., a pioneer in cloud-based ambulatory EHR/ Practice Management System and Value-Added Revenue Cycle Management Services, announced addition of Bautch Chiropractic Services, one of the prestigious and high-volume practices in the State of Wisconsin, to its list of esteemed clients.

iPatientCare EHR has been admired by quality-focused healthcare providers nationwide because of its ease-of-use, customizable workflow and templates, and agile and prompt support. Bautch Chiropractic Services, led by Scott Bautch, DC and located at Wausau, Wisconsin, was looking to work with a Chiropractic billing focused RCM company which also owns the Intellectual Property Rights to the EHR and Practice Management System utilized for the Meaningful Use and RCM services.

Bautch Chiropractic Services is a busy practice, seeing more than 60 to 70 patients per day. It was also looking for a solution that gave the practice peace of mind by staying compliant with Meaningful Use Stage 2 and beyond and HIPAA Omnibus Rule. Bautch Chiropractic was determined to seek a full-service vendor and value-added service provider which not only gave them a specialty-focused EHR but also the complete service offerings of Revenue Cycle Management and Meaningful Use/PQRS/PCMH equivalent PCCC reporting dashboard and registry solution.

"Trust was the keyword for us. And, we trusted iPatientCare people and products for what they delivered while working with their technology, which we believe is the best for Chiropractic professionals. We love their features of Visual Analogue Scale, Outcomes Assessment, and highly productive templates. iPatientCare's value-adds, namely, Revenue Cycle Management and MU/PCMH Consulting services impressed us with the possibility of a single vendor solution for all our needs. Our trust in iPatientCare has resulted in increased collections, more efficient revenue cycle operations, improved clinical outcomes, and delighted patients.", said Scott Bautch, DC, Bautch Chiropractic Services, Wausau, Wisconsin.

Udayan Mandavia, CEO, iPatientCare commented, "I respect Dr. Bautch for his outstanding professional contribution to Chiropractic care and thank him for his kind words. It is iPatientCare's business strategy to enhance its technology to enhance iPatientCare customers' business bottom line. We look forward to enhancing Bautch Chiropractic Service's efficiencies to deliver excellent quality of care to their patients and reduce the days-in-accounts receivable with a long-term commitment."

iPatientCare's Revenue Cycle Management services include tracking claims, making sure payment is received, and following up on denied claims to maximize revenue generation. iPatientCare monitors several metrics, such as, DAR (Days in Accounts Receivable), cash ratio, bad debt expense, claims first pass-through ratio etc., that can help iPatientCare customers determine whether their revenue management cycle processes are efficient and effective.

About iPatientCare

iPatientCare, Inc. is a privately held medical informatics company based at Woodbridge, New Jersey. The company is known for its pioneering contribution to mHealth and Cloud based unified product suite that include Electronic Health/Medical Record and integrated Practice Management/Billing System, Patient Portal/PHR, Health Information Exchange (HIE), and mobile point-of-care solutions that serve the ambulatory, acute/sub acute, emergency and home health market segments.
