Polyglass U.S.A., Inc. Achieves ISO 9001:2008 Certification

CISQ/CERTIQUALITY S.r.l. Recognizes Polyglass for its Quality Management System Meeting ISO 9001:2008 ISO Standard for the Design, Manufacture and Sales of Modified Bitumen Roofing and Waterproofing Membranes, Coatings, Adhesives and Sealants.

January 25, 2016 – DEERFIELD BEACH, Fla. – Polyglass U.S.A., Inc., an industry leader in manufacturing modified bitumen membranes and liquid membranes for the roofing and waterproofing industry, today announced it has received ISO 9001:2008 certification for the Design, Manufacture and Sales of Modified Bitumen Roofing and Waterproofing Membranes, Coatings, Adhesives and Sealants.

Certification to ISO 9001 requires an accredited third party auditing organization to thoroughly review the Company's internal quality management system processes, to ensure that they are capable of consistently delivering products and services that meets customers' needs and expectations.

"This recognition is in step with the commitment Polyglass has to producing consistent, quality products," commented Natalino Zanchetta, CEO of Polyglass U.S.A., Inc. "We strive to continually provide innovative products and services and we are proud to say that the ISO 9001:2008 certification validates to our customers our commitment to manufacturing best practices."

All Polyglass locations were audited and certified as ISO 9001:2008 compliant.

About Polyglass: Polyglass U.S.A. Inc. is a leading manufacturer of modified bitumen roof membranes.
