Capital Novus Announces New Licensing & Partner Programs

NEW YORK - Capital Novus is proud to make a special announcement at LegalTech New York 2016. Capital Novus, a leading provider of innovative cutting-edge technologies for e-Discovery and information governance, is for the first time in its 14 year history licensing its state-of-the-art solutions to law firms, corporations, and service providers.

The solutions can either be sourced together in **eZSuite™**, a complete full-spectrum solution for e-Discovery, or deployed separately as individual modules:

- eZProcess™** - the data capture module
- eZAnalytics™** - the analytics module
- eZVUE®** - the knowledge management/ECA module
- eZReview®** - the workflow/review module

Capital Novus' scalable licensing program provides for various levels of licensing and limits the fully variable per-user fees charged by other service providers:

- Entry Level (up to 10 users)
- Premium (20+ users)
- Professional (50+ users)
- Enterprise (100+ users)

Additional users can always be added to your license, providing a custom fit to meet your enterprise needs. Capital Novus also offers:

- eZManage®** - our own project and matter management software
- Edge GRCanalytics™** - the cutting-edge information governance and monitoring solution
- Cryptacomm™** - a collaborative platform that brings greater efficiency to corporate closings

For more information, visit www.capitalnovus.com/clients/capital-novus-partnership and join us for a 1-on-1 meeting and demo presentation at LegalTech 2016 in New York City, February 2-4, 2016, Booth 2012.
