Lifetime PUMPreplace Warranty

USP	Price Comparison with	h Competition
The reviews received from both industry and more importantly users has been	BOSE SoundTrue	£129.95
unprecedented in the history of any IEM that	Beats Tour 2	£109.95
we can find, with consistent 5 star ratings and raving fans.	Sennheiser Momentum	£89.99
People simply <i>prefer the sound</i> of PUMP IEM to other well known brands.	PUMP IEM	£69

in-ears against PUMP and the reasons will become clear.

If you find this difficult to believe, just do a quick back to back test with your favourite

PUMP Pure

Colours: Black Release Date: January 2016 Price Point: £119 / \$169 / €159 / 619 AED

Size: 160*175*30mm
Impedance: 32ohm 15% 1000Hz/mW
Channel Balance: ≤3dB at 500Hz-1000Hz
Distention: <2% (3mW.1KHz)
Magnet: N40
Speaker Diameter: 40mm
Speaker Impedance: 32Ω
Sound Pressure Level: 93dB ± 3dB (at 1000HZ IMW)
Frequency Response: 16hz - 24khz
Rated Input: 30mW
Maximum Input: 50mW
Plug: 3.5mm Gold plated
Jack Converter: 6.3mm Gold plated
Cord Length: 1200mm
In Line Microphone

Price Comparison with Competition: From our own in house development **BOSE Soundlink (Bluetooth)** £219.95 and testing, and from initial consumer Beats Solo 2 £169.95 reaction at 3 separate events when listening to a pre-production Sennheiser Momentum £169.99 prototype, we are very confident that the consumer prefers the sound of PUMP Pure £119 PUMP Pure to Beats Solo 2.

Pumb

PUMP Pure will also be at a significantly lower price point than Beats Solo 2 and Sennheiser Momentum.

USP

And finally, we think -- and initial consumer reaction seems to agree -they look beautiful.

PUMP Zeus 🗸

Colours: Black, then Orange to follow later in the year Release Date: March 2016 Price Point: £169 / \$249 / €229 / 919 AED

Bluetooth Over Ear Headphones Weight: Approximately 259g (without the charging and audio cables) Operating voltage: 3.5-4.2V **Operating current: 25mA** Lithium battery capacity: 550 mAh Battery operating life: 9h Charging time: ≈4h Channel spacing: 2MHz Transmit power: 3dBm Sampling frequency: 32KHz,16bit Modulation: GFSK Receiver sensitivity: -80dBm SNR: 75dB Speaker diameter: **Φ40mm** Speaker impedance: 16Ω Frequency response: 16 to 24KHz Microphone specifications: Φ4*3mm Microphone sensitivity: -58dB Microphone directivity: Omnidirectional Microphone frequency response: 100Hz-8KHz USB - USB mini cable length 1.0m 3.5 cable length 1.2m 3.5mm Jack 6.3mm Jack Gold Adapter

USP

From initial consumer reaction at 3 separate events when listening to a pre-production prototype, we are very confident that the consumer prefers the sound of PUMP Zeus to Beats Studio Wireless.

PUMP Zeus will also be at a significantly lower price point than Beats Studio Wireless, Sennheiser Momentum 2.0 Wireless and BOSE Soundlink.

Other benefits:

- Internal battery, rather than using AA or AAA batteries;
- When the battery runs out, just plug the audio cable in and continue listening with no degradation in sound quality;
- PUMP Zeus stands up by itself allowing them to be stored neatly, for example on an aeroplane tray table without taking up too much room.

• PUMP Zeus are *really comfortable*. We haven't found a flagship model from any other manufacturer that can match Zeus' comfort.

Price Comparison with Competition:

Sennheiser Momentum 2.0 Wireless	£379.95
Beats Studio Wireless	£329.95
BOSE Soundlink	£239.95
PUMP Zeus	£169

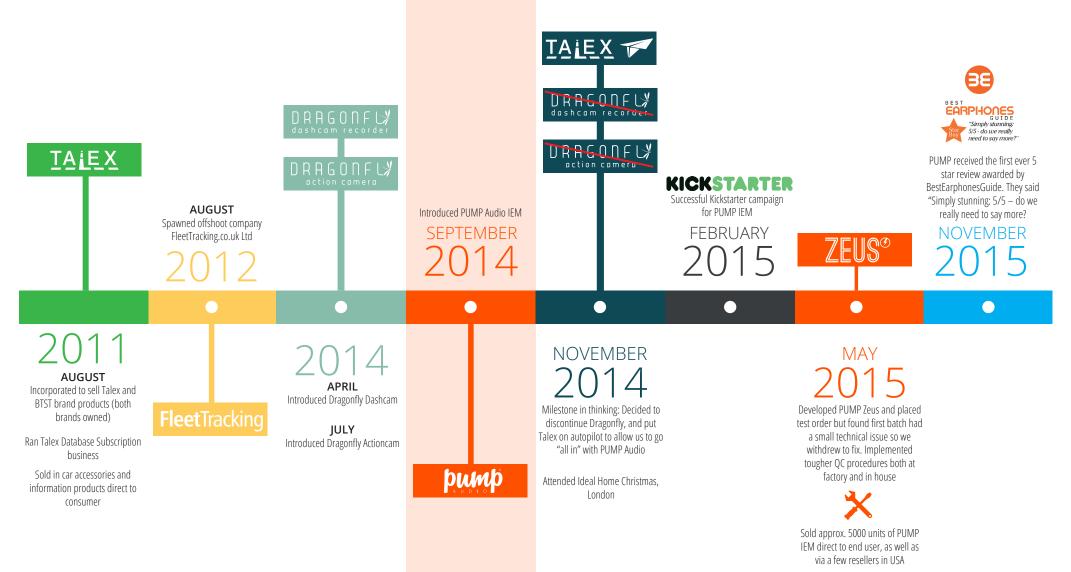

Colours: Orange & Black Release Date: May 2016 Price Point: £99 / \$149 / €139 / 549 AED

Timeline

Began work on PUMP Pure and PUMP IEM Wireless

Plans for 2016

- Follow through with first orders of Pure, Zeus, IEM Bluetooth, with a view to keeping the range streamlined and not introducing lots of new models for the wrong reasons;
- 2 Focus on continual improvement;
- 3 Attend trade shows and selected consumer shows;
- Focus on sound quality above all else, especially for lovers of Dance Music, with comfort,
 usability, service and doing everything we can to help our Friends (Customers) love the PUMP brand and products;
- 5 Continue to focus on our morals and core values of making the best headphones that money can buy, at a very attractive (but not cheap) price point;
 - Continue to promote PUMPs quirky personality by engaging with our Friends (Customers) in a real way. Our aim is to be a brand of the people rather than a stuffy high and mighty brand, as some of our competitors may be perceived.

Accomplishments so far **A**

- A focus on extreme quality has meant that our reviews for IEM have been unprecedented in their praise from users;
- Fixed 2 QC issues which could have damaged the brand had we not reacted in the way we did. This was achieved because of the passion we have for the brand;
- Up-spec'd our IEM packaging so that it now rivals the very best;
- Listened to retailers and distributors and reduced the price point of IEM from £100 to £69;
- Received rave reviews, including the first ever 5 star review from BestEarphonesGuide.co.uk
- Developed 3 new products (Pure & Zeus development finished, IEM Wireless still in development);
- We expect PUMP Pure and PUMP Zeus to receive similar praise to PUMP IEM once released.
