FOOD-X Launches FOOD INNOVATORS by FOOD-X
Podcast Series

New York, NY: Exciting new podcast series goes deep inside the minds of the innovative thinkers shaping the future of the food industry. Startup founders share stories of how their groundbreaking ideas were born, challenges they overcame and plans for eventual and inevitable world domination. Industry heavyweights also speak their mind on current trends and drop knowledge for aspiring entrepreneurs. You can listen to the interviews and subscribe to the podcast at <https://itunes.apple.com/us/podcast/food-innovators-by-food-x/id1079695327>. A new interview will be released each week.

[Food-X](#) is constantly looking to increase engagement excited and thinking about food and the food industry. Each episode will feature an interview with food innovators, entrepreneurs and thought leaders looking to shape the future of food.

[Food-X](#) finds some of the coolest, craziest, and most innovative food business startups and pairs them with a killer roster of passionate, accomplished experts to grow and launch exciting new food products, business models and opportunities in a 14 week program. Food-X changes the landscape of food business, merging together the food movement, established food juggernauts, and new fresh-thinking partners to propel forward the food industry. You can apply to Food-X at www.food-x.com.
