

iPatientCare Announces Its Selection as EHR and Revenue Cycle Management Service Provider by M & M Chiropractic and Wellness PLC After Rigorous Evaluation

iPatientCare, Inc. Announces M & M Chiropractic and Wellness PLC switching to iPatientCare EHR and Revenue Cycle Management Services

Woodbridge, NJ, February 18, 2016 — iPatientCare, Inc., a pioneer in [mHealth](#) and cloud-based ambulatory EHR, Integrated Practice Management and Value-Added Revenue Cycle Management Services, announces Its selection as preferred EHR and Revenue Cycle Management Service provider by M & M Chiropractic and Wellness PLC after careful assessment.

M & M Chiropractic and Wellness PLC, led by Aaron Steuck, DC; is a busy practice that provides chiropractic services were looking for one stop solution for Revenue Cycle Management and cloud-based EHR solution with fully loaded features/templates for chiropractic specialty. After their careful assessment on various dimensions including pricing, ease of use, time for implementation, trainings and many other factors, iPatientCare emerged as the winner and hence is selected as preferred EHR and Revenue Cycle Management service provider. Being HIPPA compliant and winner of numerous awards in multiple categories, iPatientCare EHR is one of the most admired name among the physicians who love to switch from any other EHR.

“We are very delighted to have M & M Chiropractic and Wellness PLC with us,” said Udayan Mandavia, CEO, iPatientCare. “This selection represents market trend of switching with ease to iPatientCare EHR for improved patient care and reduced costs. iPatientCare always tries to stay ahead of the game and we intend to be the preferred solution provider and one-stop shop for medical offices, offering our complete suite of products which includes award-winning EHR, [Practice Management Software](#), [RCM services](#), mobile and wearable technologies, and value added services like PQRS and MU.”

“Being chiropractic specialist, we, at M & M Chiropractic and Wellness PLC, were looking out for a system which would easily blend into our current clinical workflow, not requiring us to get changed according to the system requirements. iPatientCare not only satisfied us on this but we also saw an immediate increase in the clinical efficiency of the staff in documentation. Moreover, iPatientCare has integration with numerous third party applications, which made our work very smooth.” said Aaron Steuck, DC from M & M Chiropractic and Wellness PLC
