

# J&M PRODUCTS

J&M's direct bolt-on replacement parts will minimize wheel hop, improve straight line traction, and improve cornering, while lowering track ETs and helping your car launch straighter.

J&M Products are designed to take the abuse from Street or Drag and are 100% manufactured in San Luis Obispo, CA - Made in the USA!

Most parts are CNC laser cut for precision and finished with Red or Black powder coat for a long lasting finish.

### Fully Adjustable Caster and Camber Plates for the 2005-10, 2011-14 and 2015+ Mustangs

**Super affordable alignment camber/caster plate designed for Street use.** These plates allow for ample adjustments after lowering the car while allowing increased caster for better road feel, straight line stability, and better handling. No drilling required for installation.

**2005-14 Mustang Street/Drag Lower Control Arms**  
These arms are designed to take the abuse from Street or Drag!

**2005-14 "On Car" Adj. Lower Control Arms**  
Easy adjustments. Quiet bind free performance with Chrome-Moly Kevlar/Teflon lined spherical rod ends.

**1979-04 Mustang Lower Control Arms**  
Eliminate the unwanted uncontrolled control arm flex. 3 Piece Poly-Ball Bushing on Chassis & Axle Side

**Street/Race Performance Upper Control Arms**  
Reduce axle whip and wind up during acceleration and cornering. Poly-Ball bushing guarantees bind free performance

**Upper Control Arm Mount**  
Features 2 mounting locations allowing changes in your instant center for better tire bite during acceleration.

**Street Double Adjustable Turnbuckle Style Panhard Rod**  
Direct replacement to the weak, factory heavy non adjustable rear Panhard rod.

**Vogtland Springs**  
30% lighter, same spring rates. Reduces unsprung weight to give better handling, response, and road feel.

**2005-Up Brake Hose**  
Install J&M's PTFE-lined stainless steel hose assemblies and get a firmer pedal, quicker braking response, and easier brake modulation.
