## **TruShield Security Solutions, Inc. Publishes Annual Cyber Threat Intelligence Report**

*Annual Report releases 2015 trends for cyber threats and forecasts 2016 cyber security threats*

**Dulles, VA (March 2, 2016):** TruShield Security Solutions, Inc., a global cyber security company providing continuous security monitoring solutions, has published their 2015 Annual Cyber Threat Intelligence Report. The Report is a compilation of the cyber threats and trends seen throughout 2015, and includes a monthly detailed analysis and a forecast for 2016.

“We’re very excited about this report, and proud to share it,” says TruShield’s Principal and Chief Security Architect, Paul Caiazzo. “It contains insightful facts about trends present in 2015 which provide reliable information for any executive concerned about security looking to make decisions in 2016. I’m incredibly proud of the hard work that the TruShield put into producing this comprehensive report.”

TruShield’s 2015 Annual Cyber Threat Intelligence Report includes:

- A month-by-month breakdown of the top threats and trends in 2015.
- Threat Dissection detailing the Dark Web, Ransomware, APTs, Cyber-Espionage, PoS Malware, and more.
- Global Distribution of Malicious Traffic
- 2016 Cyber Crime Forecast

The Report can be downloaded for free on TruShield’s website at:
