

# For IMMEDIATE Release

## Scottsdale, Arizona based CareNational® Healthcare Services announces new paid student intern program for its corporate business intelligence department.

SCOTTSDALE, AZ — April 6 2016 — Today [CareNational Healthcare Services](#), a medical management talent recruitment and consulting firm, announced a new paid student intern program to enhance its business intelligence efforts. Spearheaded by CareNational's Director of Business Intelligence, [Tom Hasara](#), the new program promises to bolster CareNational's abilities to locate top talent for its health plan and hospital client base. Additionally, the program promises to swell the companies business development reach to help support the national marketing strategy. Some features of the student intern program are to provide day or evening work availability for a full time student that can commit to full time work hours in conjunction with receiving school credit for their internship. Additionally, interns have the opportunity to be considered for full time employment as a Associate Recruiter upon graduation which offers a competitive salary, bonus plan and a rich benefit plan including the potential to earn almost two full months of paid time off.

"This revamped intern program is a key part of our growth strategy", commented [Steve Thornley](#), CareNational's Chief Executive Officer. "We've already successfully promoted two recent graduates from Arizona State University into recruiter roles and are now seeking interns from all Phoenix area colleges and universities including ASU, GCU, Scottsdale Community College, University of Phoenix, Mesa Community College and others to follow a similar career path."

On March 1, 2016, CareNational announced its [five-year strategic growth plan](#) that calls for hiring from 60-75 full time recruiters, sales representatives, and support staff over the next four to five years.
